BEAUTY TIPS

How to accentuate a mole:
IF YOU GOT IT, FLAUNT IT!!

A mole on the face may really be a "beauty mark" if you know what to do with it. Use an eyebrow pencil to color it in, giving your face real distinction. It worked for Marilyn Monroe and for Latin beauties around the world.

There, now that's one way to make your mole work for you! Remember, beauty is as beauty does!

Love,
Miss Yvonne

GLOBAL REPORT

Dateline West and East Germany:
You all know that the infamous Berlin Wall that separates East and West Germany has recently been taken down to allow the people of East Germany more freedom. Well, during the celebration, people were doing Peewee's famous "dance" on top of the wall, to show their relief and happiness. The P-man sure gets around! Peewee Brand fashions in Russia? Only time will tell, for all you Peewee fans!
